This resource list is provided as a courtesy to the community. Truckee Fire Protection District does not endorse, recommend, certify, or guarantee that these companies understand or follow applicable laws and regulations. It is ultimately the homeowner's responsibility to make sure that contractors are licensed and insured. The homeowners are also responsible for following all applicable laws, regulations, and HOA restrictions during the course of their defensible space project. Companies that perform defensible space and tree service work in the Truckee and Donner Summit areas can get on this list by emailing dspace@truckeefire.org
